

The screenshot displays the IBM Cloud Dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and several utility links like 'Edit dashboard', 'Upgrade account', and 'Create resource'. Below the navigation bar, the main content area is titled 'Dashboard'. A 'For you' section features a horizontal carousel of six cards. The first card is a large purple 'Build' card. The subsequent cards are: 'Explore IBM Cloud Shell' (2 min), 'Visit the IBM Cloud catalog' (1 min), 'Build a web app with Watson Speech to Text' (15 min), 'Get Started with Watson Studio' (2 hr), and 'Build a Virtual Private Cloud (VPC)' (7 min). Each card includes a brief description and a 'Getting started' button. Below the carousel, there's a 'News' section with two articles, 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status', each with a 'View all' link. The bottom of the dashboard shows a world map and a 'Show all' button.
